Tumur Bazarragchaa (Tim)
Walnut Creek, CA | Authorized to work in the U.S. | HireTimSF@gmail.com | HireTimSF.com

SUMMARY

Next.js / React developer with 5+ years building production-oriented web and mobile apps. Maintainer of open-source Next.js projects adopted by 100+ developers, with strong focus on developer experience, performance, SEO, accessibility, and clean full-stack product behavior.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Kotlin, Java
Frameworks: Next.js, React, App Router, Server Components
UI / Styling: Tailwind CSS, shadcn/ui, Figma
Backend / Platform: Supabase, PostgreSQL, Prisma, Node.js, Vercel, Docker, GitHub

EXPERIENCE

Frontend / Next.js Developer | Open-Source Development
Jan 2023 - Present | Walnut Creek, CA

Open-Source Blog Platform | Next.js, TypeScript, Supabase, Tailwind CSS, shadcn/ui

- Built and maintained a production-ready blog platform with authentication, admin dashboard, image uploads, search, pagination, comments, structured metadata, and SEO-focused routing.
- Designed reusable UI components and a documentation-friendly project structure so developers can deploy and customize the app quickly.
- Earned 450+ GitHub stars, adoption by 100+ developers, and recognition from Vercel for open-source contribution [X Post].

Live Demo | GitHub

Restaurant Website | Next.js, TypeScript, Supabase, Tailwind CSS, MDX

- Built a client restaurant website with menu browsing, reservation flow, location pages, customer login, SEO-optimized routes, and mobile-first performance.

Live Demo

Portfolio Website | Next.js, App Router, Tailwind CSS, Fumadocs, MDX

- Built a high-performance portfolio and MDX blog with local search, structured content, responsive UI, analytics, sitemap, robots.txt, Open Graph metadata, and Vercel deployment.

Live Demo | GitHub

Android Developer | Open-Source Development
Apr 2017 - Jul 2020 | Hayward, CA

- Built Kotlin and Java Android apps using MVVM/MVC architecture, REST API integration, and clean separation of concerns; open-source apps earned 65 combined GitHub stars.

Kotlin App | Java App

EDUCATION

B.S., Computer Science - University of Applied Sciences Mittweida, Germany (2008)
